PHONE LOCKER 30

HLGPSL30BO

Steel cabinet with 30 slots for smartphone storage

Designed to meet the needs of schools, libraries, companies, and public spaces, the 30-slot steel cabinet is **the ideal solution for storing not only smartphones but also other personal belongings** in an orderly and secure way.
The generously sized slots are compatible with all smartphone models currently on the market, ensuring **maximum universality of use**. They are also spacious enough to accommodate, for example, power banks, chargers, and wallets. Each compartment is equipped with a **magnetic door, padlock, and name tag holder**. Robust in structure, versatile in installation, and able to easily adapt to any environment, the Phone Locker 30 is designed to be placed on the floor and fixed to the wall - an essential safety measure to prevent tipping and ensure maximum security.

Available in the **distinctive blue-orange color combination**, it adds a touch of vibrancy and recognizability to any space where it is installed.

Key Features

Individual Security
Each compartment is equipped with a magnetic lock and padlock, for the maximum protection for personal devices.

Universal Compatibility
Spacious slots (15 x 12 x 22 cm), suitable for any smartphone model currently available on the market.

Simplified Organization
Name tag holders on every door allow for orderly, identifiable, and customizable management.

Durable, Sturdy Structure
Made entirely of coated steel: resistant to wear, impact, and intensive use.

Versatile Installation
Can be placed on the floor with 10 cm feet or wall-mounted using the pre-drilled holes.

Functional, Recognizable Design
Blue-orange color combination makes the slots visible and easily identifiable.

Compact Size, Maximum Capacity
A space-saving solution that can accommodate up to 30 devices in minimal space.

Suitable for Any Environment
Perfect for schools, libraries, corporate spaces, coworking areas, meeting rooms, classrooms, and public facilities.

Promotes Focus
Ideal in educational and training contexts to reduce distractions and encourage responsible use of technology.
