

Helgi Europe invites you at ISE 2018 with our new brand Helgi

Vigolzone, January 2018 - After over 40 years of experience and a growing presence both in the PROFESSIONAL AV and EDUCATIONAL business segment, we decided to focus more significantly on the international market with selected solutions that will enable our Partners to face the constantly and rapidly changing market demands.

HELGI is the new Brand that will take this big challenge.

HELGI Europe will participate at ISE from the 6th to 9th February, 2018 in Amsterdam with its AV PROFESSIONAL range of solutions:

- *Interactive Flat Panels, equipped with a wide offer of mounting stands, business collaboration solutions for meeting and conference room.*
- *Whiteboard panel Helgi/Chameleon without frame in bundle with new interactive software for an innovative and immersive collaboration experience.*
- *New range of Tensioned projection screens.*
- *New 12 mt Projection Screen polichinelle technology for theatre, auditorium, convention centre and where a continuous running of a large surface of projection is required. Possibility of custom manufacturing: size, projection fabric etc.*
- *Helgi Collaboration: an innovative Conference Room Solution based on a Windows 10 customizable launcher, with advanced features of content sharing and an innovative ink digitization system working on a virtual shared whiteboard.*

HELGI Europe staff will gladly demonstrate the full range of solutions at the stand 14M150.

Free entrance ticket to the exhibition using our invitation code 397704.
